

Example RSP Committee Goals

- Expand public transportation services to areas of the region and/or target markets that do not have public transportation.
- Avoid duplication of public transportation services.
- Improve efficiency and effectiveness of public transportation services.
- Increase public awareness of mobility options.
- Maintain and improve public transportation service quality.
- Address funding, regulatory, program and geographic barriers to providing seamless public transportation service.
- Eliminate waste in the provision of public transportation services.
- Generate efficiencies that will permit increased levels of service.
- To the maximum extent feasible, use the existing transportation providers, and in particular the fixed route components of the existing networks, to meet the clients transportation requirements of the state's social service agencies and their agencies.
- People first, barrier-free
- Multimodal interconnectivity across the region
- Aggressive outreach and education to a broad base
- Increased and flexible funding
- Increase and expand services
- Address emergency planning and homeland security
