

PERFORMANCE METRICS

Regionally Coordinated Transportation Planning
Workshop ♦ February / March 2015

PERFORMANCE METRICS

Local Metrics

- Collaborate to develop metric for each gap or priority
 - Objectively measure extent to which gap filled/priority met
 - Demonstrate improved access, esp. for priority populations
 - Collect, maintain & assess data
-

PERFORMANCE METRICS

Statewide Metrics

- Statewide working group
 - 6 metrics to measure:
 - Collaboration
 - Identification of Gaps & Inefficiencies
 - Resolution of Gaps & Inefficiencies
-

PERFORMANCE METRICS

Statewide Metrics

Collaboration

- Number of active, formal partnerships
 - Number of persons engaged in transportation planning & education activities
-

PERFORMANCE METRICS

Statewide Metrics

Identification of Gaps & Inefficiencies

- Number of gaps & inefficiencies ID'd in plan, including those concerning priority populations
 - Number of recommended actions in plan for resolving gaps & inefficiencies
-

PERFORMANCE METRICS

Statewide Metrics

Resolution of Gaps & Inefficiencies

- Number of items in plan that move from planning to implementation phase
 - Number of recommended activities identified in plan that are (1) underway, but not completed, or (2) Completed
-

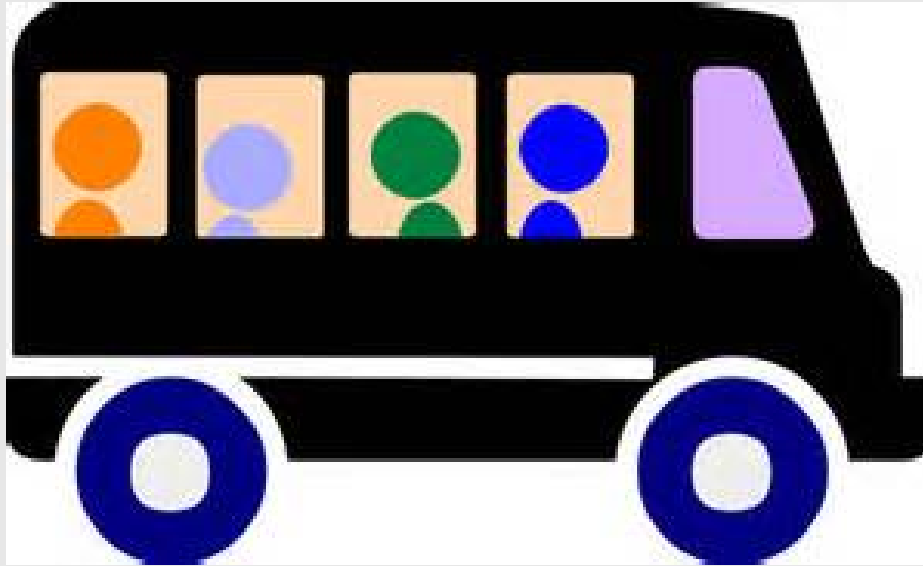

PERFORMANCE METRICS

Statewide Metrics

- Collect, Maintain & Report Data
 - Funding
-

Thank You!
